

Emily G. Jacobs

Associate Professor
Department of Psychological & Brain Sciences
Neuroscience Research Institute
University of California, Santa Barbara
Office: 3818 Psychology East
Phone: 805-893-4103

RESEARCH DESCRIPTION

Sex steroid hormones regulate regions of the mammalian brain that support higher-order cognitive functions. My laboratory uses brain imaging, endocrine, and computational approaches to understand the extent to which endogenous and exogenous hormone factors influence the structural and functional architecture of the human brain. Major initiatives include the study of neuroendocrine aging during the midlife transition to menopause, pharmacological studies of gonadal hormone suppression, and dense-sampling studies across the menstrual cycle. For a complete description of current projects, see: <https://jacobs.psych.ucsb.edu>.

EDUCATION

- 2004-2010 **University of California, Berkeley**
Ph.D. in Neuroscience
- 2000-2004 **Smith College**
B.A. in Neuroscience
- 2003-2004 **Harvard College**
Visiting Undergraduate Student program

APPOINTMENTS & EXPERIENCE

- 2021-present **Associate Professor, University of California, Santa Barbara**
Department of Psychological and Brain Sciences
Neuroscience Research Institute
Interdepartmental Graduate Program in Dynamical Neuroscience
- 2015*-2021 **Assistant Professor, University of California, Santa Barbara**
**On-campus start date Spring 2016*
- 2013-2016 **Instructor in Psychiatry, Harvard Medical School**
Associate Scientist, Department of Medicine, Division of Women's Health,
Brigham & Women's Hospital
- 2012-2013 **Stuart T. Hauser CRTP Fellow, Harvard Medical School**
Clinical Research Training Program
Advisor: *Jill Goldstein, Ph.D.*
Co-mentors: *Jordan Smoller, M.D., Sc.D., Anne Klibanski, M.D.*
- 2010-2012 **Robert Wood Johnson Foundation Health and Society Scholar**
University of California, San Francisco
Advisor: *Elissa Epel, Ph.D.*
Collaborators: *Natalie Rasgon, M.D., Elizabeth Blackburn, Ph.D.*

- 2004-2010 **Helen Wills Neuroscience Institute, UC Berkeley**
Ph.D. Mentor: Mark D'Esposito, M.D.
Committee: Robert Knight, M.D., William Jagust, M.D., David Presti, Ph.D.
- Spring 2003 **Institute of Cognitive Neuroscience, University College London**
Mentor: Sarah-Jayne Blakemore, Ph.D.
- 2001-2003 **Center for Developmental Cognitive Neuroscience, UMass Medical School**
Mentor: Adele Diamond, Ph.D.

FUNDING

Current

- 2020-2025 "Impact of gonadal hormone suppression on regional and global brain architecture and cognition"
 National Institutes of Health R01-AG063843
 \$4,798,062, 5-year award
 Role: PI (Co-PI: Matt Panizzon, UCSD)
- 2020 "Impact of female reproductive history on Alzheimer's disease risk"
 California Department of Public Health 19-10612
 \$157,365, 1-year award
 Role: Co-I and Site PI, UCSB subaward: \$65,300
- 2020 "Organizational effects of sex steroid hormones on the maternal brain"
 University of California, Santa Barbara Academic Senate Grant
 \$13,905, 1-year award
 Role: PI
- 2019-2020 "Identifying the impact of sex hormone suppression on brain morphology"
 Hellman Family Fellows Fund
 \$40,000, 1-year award
 Role: PI
- 2019-2020 "Impact of hormone-based medication on human brain structure and function"
 University of California, Santa Barbara Academic Senate Grant
 \$20,000, 1-year award
 Role: PI
- 2018-2020 "Sex differences in dopamine neurotransmission in the human brain: A molecular PET imaging study"
 Brain and Behavior Research Foundation
 \$70,000, 2-year award
 Role: PI
- 2018-2022 "Investigating the impact of sex, menopausal status and +APOE4 on the neural correlates of episodic memory in healthy middle aged adults."
 Canadian Institutes of Health Research (PI: Natasha Rajah)
 Role: Consultant, 4-year award
- 2016-2021 "Cognitive Control in Anxiety: The Role of Ovarian Hormones"
 National Institutes of Health R01 MH108511 (PI: Jason Moser)
 Role: Consultant, 5-year award

Pending

Under review "Spatial navigation, sex hormones, and the aging brain"
National Institutes of Health R01-AG066900
\$3,324,000, 5-year award
Role: PI (Co-PI: Elizabeth Chrastil, Co-I: Mary Hegarty)

Previous

2018-2019 "Spatial navigation, sex hormones, and the aging brain"
California Nanosystems Institute Challenge Grant
\$50,000, 1-year award
Role: PI

2018-2019 "Impact of reproductive aging on spatial navigation"
University of California, Santa Barbara Academic Senate Grant
\$15,000, 1-year award
Role: PI

2018 "The role of sex hormones in the aging brain"
University of California Regents Junior Faculty Fellowship
\$7500, 1-year award
Role: PI

2013-2016 National Institutes of Health K12 HD051959 Career Development Award
Building Interdisciplinary Research Careers in Women's Health (BIRCWH)
\$300,000, 3-year award
Role: PI

2012 National Institutes of Health MH016259
NIH/Harvard Medical School Stuart T. Hauser CRTP Fellowship
\$88,680, 2-year award
Role: PI

2010-2012 Robert Wood Johnson Foundation Health and Society Fellowship
\$200,850, 2-year award
Role: PI

HONORS

2019 Hellman Fellow

2017 Brain and Behavior Research Foundation NARSAD Young Investigator

2016 National Academy of Sciences "Frontiers of Science" Kavli Fellow

2013-2016 National Institutes of Health "BIRCWH" Women's Health Scholar

2014 Organization for the Study of Sex Differences Travel Award

2013 The American College of Neuropsychopharmacology Early Career Travel Award

2012 Harvard Medical School Stuart T. Hauser Clinical Research Fellow

2010-2012 Robert Wood Johnson Foundation Health and Society Scholar

2006-2009 National Science Foundation Graduate Research Fellow

2009 Elizabeth Roboz Einstein Fellow in Neuroscience, UC Berkeley

2006 Patricia Goldman-Rakic Fellow for Women in Neuroscience, UC Berkeley

2004 Rhodes Scholarship finalist

2002, 2003 Howard Hughes Medical Institute Research Fellowship

INVITED LECTURES

- “Sex hormones shape the structural and functional architecture of the human brain” Grand Rounds **University of California, San Francisco** Memory and Aging Center (2021, May) Host: Bruce Miller, M.D.
- “Dense sampling approaches to illuminating sex hormones’ impact on the functional architecture of the human brain” Annual Meeting of the **Social and Affective Neuroscience Society** (2021, April) Host: Kyle Ratner, Ph.D.
- “Interrogating the role of sex hormones in the human brain” Women’s Health Brain Cluster, “Menopause Fireside Chat” Lecture Series, **University of British Columbia**, (2021, April) Host: Liisa Galea, Ph.D.
- “The brain as an endocrine organ” Exploring the Mind Lecture Series **University of California, Davis Center for Mind and Brain** (2021, March) Host: George (Ron) Mangun, Ph.D. ***Distinguished speaker series**
- “Interrogating the role of sex hormones in the human brain” Feindel Brain and Mind Lecture Series **Montreal Neurological Institute, Montreal, Canada** (2021, February) Host: Nathan Spreng, Ph.D.
- “Interrogating the role of sex hormones in the human brain” **UT Austin** (2021, February) Host: Jessica Church-Lang, Ph.D.
- “Interrogating the role of sex hormones in the human brain” Larry L. Hillblom Foundation Brain Aging Symposium **University of California, San Francisco** (2020, September) Host: Joel Kramer, M.D. ***Keynote Speaker**
- “Interrogating the role of sex hormones in the human brain” Institute of Neuroscience **Texas A&M** (2020, September) Host: Jessica Bernard, Ph.D.
- “Sex hormones influence the functional architecture of the human brain” Women’s Brain Health Symposium. **University of British Columbia**, Vancouver, Canada. (2020, May) Host: Liisa Galea ***postponed to 2021 due to COVID-19**
- “Interrogating the role of sex hormones in the human brain” Department of Psychology, **University of California, Los Angeles** (2020, January) Host: Patricia Cheng, Ph.D.
- “The role of sex hormones in the aging brain” University of California and Nanyang Technological University of Singapore Joint Workshop on Healthy Aging. (2019, December) **University of California, Los Angeles** Invited by UC Provost Michael T. Brown
- “Sex steroids and the aging brain” Douglas Brain Imaging Center Lecture Series, Department of Psychiatry, McGill University, **Montreal, Canada** (2019, September) Host: Maria Natasha Rajah, Ph.D.
- “Gender diversity drives scientific discovery” Groundbreaking Research and Innovative Technology (GRIT) Lecture Series, **University of California, Santa Barbara** (2019, June). Host: Lina Kim, Ph.D.
- “The neuroendocrine basis of cognitive aging” Clinical Psychophysiology Group, Department of Psychology, **Michigan State University** (2019, May). Host: Jason Moser
- “Sex steroids and the aging brain – Applying a women’s health lens to cognitive neuroscience” Science and Gender Equality Symposium (“SAGE 2.0”) UKE, **Hamburg, Germany** (2018, March). Host: Sina Trautmann-Lengsfeld, Ph.D. ***Keynote Speaker**

- “Sex and menopausal status shape early changes in episodic memory function” Talk presented in celebration of the 25th Anniversary of the Office of Research on Women’s Health (ORWH) and BIRCIWH Annual meeting, Natcher Conference Center, *National Institutes of Health* (2016, May). Introduced by: Jill Goldstein, Ph.D., Host: Lisa Begg, Dr.P.H. and Janine Clayton, M.D.
- “Role of estrogen in regulating stress circuitry” Kavli Summer Institute in Cognitive Neuroscience, Topic: “The Stressed Brain” *University of California, Santa Barbara* (2016, June). Host: Barry Giesbrecht, Ph.D.
- “Interrogating the role of sex steroid hormones in memory circuitry” 15th Annual Integrative Center for Learning and Memory Symposium, *University of California, Los Angeles* (2016, May). Hosts: Alcino Silva, Ph.D., Michael Fanselow, Ph.D., David Glanzman, Ph.D.
- “Reorganization of functional networks in memory circuitry in early midlife: The role of sex and menopausal status”. Annual Neurosciences Interdisciplinary Retreat, *BWH Institute for Neurosciences*, (2015, November). Host: Anu Swaminathan, Ph.D., c/o Brigham Research Institute Executive Committee
- “Fetal origins of the aging of memory circuitry”. Robert Wood Johnson Foundation Health and Society Seminar Series, *Harvard T.H. Chan School of Public Health*, (2015, November). Host: Lisa Berkman, Ph.D.
- “Interrogating the role of sex steroid hormones in memory circuitry” Department of Psychology, *Columbia University*, (2015, May). Host: Sarah Woolley, Ph.D.
- “Interrogating the role of sex steroid hormones in memory circuitry” Department of Psychological and Brain Sciences, *University of California, Santa Barbara*, (2015, April). Host: Miguel Eckstein, Ph.D.
- “Interrogating the role of sex steroid hormones in memory circuitry” Department of Psychology, *University of Michigan*, (2015, March). Host: Martin Sarter, Ph.D.
- “Relationship between reproductive senescence and the aging of memory circuitry” Department of Medicine, Division of Women’s Health Cross-disciplinary Women’s Health Seminar Series, *Brigham and Women’s Hospital* (2015, January). Host: Tamarra James-Todd, Ph.D.
- “Use of functional MRI to investigate the role of gonadal hormones in brain function” Men’s Health: Aging and Metabolism Unit, Division of Endocrinology, *Harvard Medical School* (2014, November). Host: Shehzad Basaria, M.D.
- “Use of PET imaging and functional MRI and to investigate the role of gonadal hormones in brain function” BRI Functional and Molecular Neuroimaging Salon, *Brigham and Women’s Hospital* (2014, September). Host: Emily Stern, M.D.
- “Early chromosomal and neural markers of aging in mid-life men and women: A lifespan perspective” Center for Depression, Anxiety and Stress Research, *McLean Hospital* (2014, June). Host: Diego Pizzagalli, Ph.D.
- “Chromosomal and neural markers of aging in mid-life men and women: A lifespan perspective” Psychiatric Genetics and Translational Research Seminar, *Massachusetts General Hospital* (2014, May). Host: Jordan Smoller, M.D., Sc.D.
- “Chromosomal and neural markers of aging in mid-life men and women: A lifespan perspective” Research Initiatives Seminar, *Brigham and Women’s Hospital* (2014, January). Host: Hadine Joffe, M.D., M.Sc.
- “Estrogen’s role in shaping prefrontal cortical function” Neuroscience Seminar Series, *UCSF Center for Neurobiology and Department of Psychiatry* (2012, November). Host: Dhakshin Ramanathan, M.D., Ph.D.

- “Estrogen use and telomere attrition in post-menopausal women” Building Interdisciplinary Research Careers in Women’s Health (BIRCWH) Seminar, *UCSF School of Medicine* (2012, September). Hosts: Monica Gandhi, M.D. and Ruth Greenblatt, M.D.
- “Pharmacoendocrinology and the brain: Why estrogen’s influence on neurochemistry matters for women’s health.” *Massachusetts Neuropsychological Society*, Boston, MA. (2011, November). Host: Mary Coakley-Welch, Ph.D.
- “Estrogen and the Brain.” Seminar given at the *30th Annual Renaissance Weekend*, Charleston, SC. (2010, December) Host: Ambassador Philip Lader, J.D., Ph.D. and Linda Lader, M.Div.
- “Individual differences in cognition.” *Google Tech Talk*, Mountainview, CA. (2010, May) ([link](#)) Host: Peter Jin Hong
- “A women's health approach to frontal lobe function.” *Smith College*, Northampton, MA. (2009, September) Host: Mary Harrington, Ph.D.

CONFERENCE PRESENTATIONS

+*Trainee-led work*

2021

1. Sundermann E., **Jacobs E.G.**, Sealzer U., Banks S., Shadyab A., +Taylor C., Panizzon M. (TBD) Age at menopause relates to later-life hippocampal volume in an APOE4-specific manner. Alzheimer’s Association International Conference *virtual conference due to COVID-19
2. Konishi K., **Jacobs E.G.**, Smith B., et al. (Spring 2021) Association between telomere length and early midlife memory function: Impact of sex, reproductive aging, and cardiovascular disease. Organization for the Study of Sex Differences *virtual conference due to COVID-19
3. Wu E., Dhamala E., +Pritshet L., Santander T., **Jacobs EG**, Kuceyeski A. (May 2021) Increased estradiol and progesterone are largely associated with increased segregation of the brain’s functional connectivity network. Poster presented at the Organization of Human Brain Mapping *virtual conference due to COVID-19
4. Cai C., Dhamala E., +Pritshet L., Santander T., **Jacobs EG**, Kuceyeski A. (May 2021) Intrinsic fluctuations in estradiol and progesterone are not related to moment-to-moment changes in functional co-activations. Poster presented at the Organization of Human Brain Mapping *virtual conference due to COVID-19

2020

5. **SfN Professional Development Workshop** (2020, October) “Why and how to account for sex and gender in brain and behavioral research” with talks by Emily Jacobs (UCSB) Annaliese Beery (Berkeley), Margaret McCarthy (Maryland), Lise Elliot (Chicago Med.) and Sarah Richardson (Harvard). Talk and panel discussion to be held at the 50th Annual Meeting of the Society for Neuroscience. Washington D.C. *carried forward to 2021 due to COVID-19
6. Panizzon M., Sundermann E., **Jacobs E.G.** et al. (July 2020) “Lifetime endogenous estrogen exposure in women influences risk of dementia” Alzheimer’s Association International Conference. Amsterdam, Netherlands *virtual conference due to COVID-19
7. +Pritshet L., **Jacobs E.G.** (2020, May) “Functional reorganization of brain networks across the human menstrual cycle” University of British Columbia Women’s Brain Health Symposium. Vancouver, Canada *postponed to Fall 2020 due to COVID-19
8. +Taylor C., **Jacobs E.G.** (2020, May) “Progesterone shapes medial temporal lobe volume across the human menstrual cycle” University of British Columbia Women’s Brain Health Symposium. Vancouver, Canada *virtual talk due to COVID-19 ***Recipient of the Women’s Brain Health Young Investigator Prize**

9. +Taylor C., **Jacobs E.G.** (2020, May) "Progesterone shapes medial temporal lobe volume across the human menstrual cycle" 13th Annual Meeting of the Organization for the Study of Sex Differences. Marina del Rey, CA *presentation postponed to 2021 due to COVID-19 ***Recipient of the OSSD Travel Award**
10. +Pritschet L., **Jacobs E.G.** (2020, May) "The scientific body of knowledge-Whose body does it serve? A spotlight on human neuroscience" 13th Annual Meeting of the Organization for the Study of Sex Differences. Marina del Rey, CA *presentation postponed to 2021 due to COVID-19 ***Recipient of the NIH/Office of Research on Women's Health Science Policy Award**
11. +Pritschet L., **Jacobs E.G.** (2020, May) "Functional reorganization of brain networks across the human menstrual cycle" 13th Annual Meeting of the Organization for the Study of Sex Differences. Marina del Rey, CA *postponed due to COVID-19
12. +Yu S., **Jacobs E.G.** (2020, May) "Sex differences and age-related changes in spatial navigation" 13th Annual Meeting of the Organization for the Study of Sex Differences. Marina del Rey, CA *postponed due to COVID-19
13. Sundermann E., Panizzon M., **Jacobs E.G.** et al. (2020, February) "CSF inflammatory markers relate to poorer cognition in women but not men across the aging-MCI-AD continuum" 48th Annual Meeting of the International Neuropsychological Society

2019

14. Konishi J, Cherkerzian S, **Jacobs E.G.**, et al. (December, 2019) "Prenatal stress exposure modulates resting state functional connectivity in adulthood". Poster presented at the 58th Annual Meeting of the American College of Neuropsychopharmacology
15. +Pritschet L., Santander T., +Taylor C... **Jacobs E.G.** (June, 2019) "Estradiol shapes resting state functional connectivity strength over a complete reproductive cycle" Poster presented at the Organization of Human Brain Mapping, Rome, Italy.
16. +Taylor C.T., +Pritschet L., Santander T... **Jacobs E.G.** (June, 2019) "Human hippocampal subfield volume variability across one complete reproductive cycle" Poster presented at the Organization of Human Brain Mapping, Rome, Italy.
17. Layher E., +Pritschet L., Santander T., +Taylor C., +Yu S., Grafton S., **Jacobs E.G.**, Miller M. (June, 2019) "Within-subject fMRI analyses of the successful retrieval effect in recognition memory" Poster presented at the Organization of Human Brain Mapping, Rome, Italy.

2018

18. **Jacobs E.G.** (October, 2018) "The middle-aged brain: Interrogating the role of sex hormones in memory circuitry" **Symposium and Talk** presented at the Society for Psychophysiological Research, Quebec City, Canada
19. **Jacobs E.G.** (May, 2018) "Sex Hormones and the Aging Brain" **Symposium and Talk** presented at the Association for Psychological Science, San Francisco, CA
20. Konishi J, Cherkerzian S, **Jacobs E.G.**, et al. (December, 2018) "Steroid hormones, reproductive aging and major depression: Sex differences in memory decline in early midlife. Poster presented at the 57th Annual Meeting of the American College of Neuropsychopharmacology
21. +Taylor C. & **Jacobs E.G.** (November, 2018) "The impact of oral hormonal contraceptives on the central nervous system – a population approach" Poster presented at the 48th Annual Meeting of the Society for Neuroscience, San Diego, CA.
22. +Pritschet L. & **Jacobs E.G.** (November, 2018) "Reproductive aging shapes top-down, goal-directed modulation of visual attention" Poster presented at the 48th Annual Meeting of the Society for Neuroscience, San Diego, CA.

23. **Jacobs E.G.** (October, 2018) “The middle aged brain – the role of sex hormones in memory circuitry” *Symposium and Talk* given at the 58th Annual Meeting of the Society for Psychophysiological Research, Quebec City, Canada
24. +Taylor C. & **Jacobs E.G.** (May, 2018) “Determining the impact of oral hormonal contraceptives on the central nervous system” Poster presented at the 12th Annual Meeting of the Organization for the Study of Sex Differences, Atlanta, CA. **Florence T. Haseltine Award for outstanding poster by a new investigator*
25. **Jacobs E.G.** (May, 2018) “Sex steroids and the aging brain” *Symposium and Talk* given at the 30th Annual Convention of the Association for Psychological Science, San Francisco, CA.

2017

26. Konishi K., **Jacobs E.G.**, Cherkerzian S., Weiss B.K, Rentz D. M. et al. (December, 2017) Impact of BDNF and sex on maintaining intact memory function in early midlife. Abstract, 56th Annual Meeting of the American College of Neuropsychopharmacology, Palm Springs, CA.
27. “The Kavli Symposium on Sex Steroids and the Brain” Co-hosted by the Kavli Foundation and the UCSB Brain Initiative, featuring **Gurly Distinguished Lectures** by Profs. John Morrison (UC Davis), Roberta Brinton (U. of Arizona) and Emily Jacobs (UCSB). Moderated by Prof. Ken Kosik. Marine Science Auditorium, June, 2017

2016

28. **Jacobs E.G.**, Makris N., Kubicki M., Shenton M., DeVivo I., Goldstein J.M. (December, 2016) Leukocyte telomere length is associated with widespread grey and white matter deficits in early aging: Impact of sex and menopausal status. Abstract, 55th Annual Meeting of the American College of Neuropsychopharmacology, Hollywood, FL.
29. **Jacobs E.G.***, Goldstein J.M.*, Morrison J., Frick K. (May, 2016) “Early cellular, synaptic, and circuit-level biomarkers of sex differences in memory decline” *Symposium and Talk* given at the Organization for the Study of Sex Differences (Society for Women’s Health Research), Philadelphia, PA. **Co-Chair*
30. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (June 2016) Impact of sex and menopausal status on episodic memory circuitry in early midlife. Poster presented at the NIH Office of Research on Women’s Health (ORWH), Bethesda, MD. **Featured as “top three posters”*

2015

31. **Jacobs E.G.**, Weiss B., Rentz D., Whitfield-Gabrieli S., Remington A., Aizley H., Klibanski A., Goldstein J.M. (December, 2015) Depletion of sex steroid hormones in mid-life alters hippocampal activity during verbal memory encoding: A population-based fMRI study of sex differences in memory decline. Poster presented at the 54th Annual Meeting of the American College of Neuropsychopharmacology, Hollywood, FL. **Selected as top 5% of posters, recorded as ‘voice poster’*
32. Gallen C.L., Hwang K., Chen A.J., **Jacobs E.G.**, Lee T.R., D’Esposito M. (October, 2015) Influence of selective attention on brain network reconfiguration during working memory. Poster presented at the 45th Annual Meeting of the Society for Neuroscience, Chicago, IL.
33. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Remington A., Aizley H., Goldstein J.M. (October, 2015) Reproductive aging modulates working memory-related neural activity in women: Implications for sex differences in memory circuitry aging. Poster presented at Brigham and Women’s Hospital’s “Discover Brigham” Research Symposium.
34. Zhu A., Pasternak O., Lyall A., Makris N., **Jacobs E.G.**, Weiss B., Shenton M.E., Goldstein J.M., Kubicki M. (April, 2015) Impact of sex on white matter integrity in aging of the memory circuitry. Poster presented at Harvard Medical School’s Annual Myself Research Day, Boston, MA.

2014

35. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (December, 2014) Reproductive aging modulates working memory-related neural activity in women. *Talk* and poster presented at the 53rd Annual Meeting of the American College of Neuropsychopharmacology, Phoenix, AZ. **Featured presentation in the "Hot Topics" Symposium.**
36. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (November, 2014) The depletion of sex steroid hormones during the menopausal transition is related to altered prefrontal and hippocampal signaling during working memory and memory encoding. *Talk* presented at the 44th Annual Meeting of the Society for Neuroscience, Washington, DC.
37. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (November, 2014) Reproductive aging is associated with altered prefrontal and hippocampal signaling during working memory. Poster presented at the National Institutes of Health 11th Anniversary ORWH Interdisciplinary Women's Health Research Symposium, Washington, DC. *Published in Journal of Women's Health, 23(10):849-877.*
38. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (September, 2014) Reproductive aging modulates working memory-related neural activity in women. Harvard Medical School and Brigham and Women's Hospital Annual Women in Medicine and Science Symposium, Boston, MA.
39. **Jacobs E.G.**, Whitfield-Gabrieli S., Weiss B., Klibanski A., Goldstein J.M. (August, 2014) The depletion of sex steroid hormones during the menopausal transition is related to altered prefrontal cortex signaling during working memory. *Talk* given at the 44th Annual Meeting of the International Society of Psychoneuroendocrinology, Montreal, Canada. **Featured presentation in the "Young Investigators" symposium.**
40. **Jacobs E.G.**, Whitfield-Gabrieli S., Weiss B., Klibanski A., Goldstein J.M. (April, 2014) The depletion of sex steroid hormones during the menopausal transition is related to altered prefrontal cortex signaling during working memory. Poster presented at the Organization for the Study of Sex Differences (Society for Women's Health Research), Minneapolis, MN.
41. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (March, 2014) Reproductive aging is associated with altered prefrontal and hippocampal signaling during verbal encoding and working memory: Initial characterization of a 50-year follow-up study of a prenatal cohort. Poster presented at the 21st Annual Meeting of the Cognitive Neuroscience Society, Boston, MA.

2013

42. **Jacobs E.G.**, Holsen L.M., Lancaster K., Remington A., Buka S., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (December, 2013) Gonadal hormone regulation of stress circuitry activity in healthy women is disrupted in Major Depressive Disorder. Poster presented at the 52nd Annual Meeting of the American College of Neuropsychopharmacology, Hollywood, FL.
43. **Jacobs E.G.** (September, 2013) Sex-specific chromosomal and neural markers of aging in mid-life men and women: A lifespan perspective. Abstract included in the Harvard Medical School and Brigham and Women's Hospital Annual Women in Medicine and Science Symposium, Boston, MA.

2012

44. **Jacobs E.G.**, Laguerta E., Dang L., Jagust W., Weinberger D., D'Esposito M. (2012, October) Estradiol and COMT alter striatal dopamine release and working memory function in women: Direct evidence from [11C]-raclopride PET and fMRI imaging. Poster presented at the 42nd Annual Meeting of the Society for Neuroscience, New Orleans, LA.
45. **Jacobs E.G.**, Laguerta E., Dang L., Jagust W., D'Esposito M. (2012, May) Estradiol and COMT alter striatal dopamine release in women. Poster presented at the 67th Annual Meeting of the Society for Biological Psychiatry, Philadelphia, PA.

46. **Jacobs E.G.** (2012, April) Behavioral and hormonal interventions buffer against accelerated cell aging in at-risk women. **Talk** given at the 10th Annual Meeting of the Robert Wood Johnson Foundation, Princeton, NJ.

2011

47. **Jacobs E.G.** (2011, November) *Symposium* – Cognitive and behavioural dysfunction in ageing: Role of sex hormones; with Pauline Maki, Ph.D., Paul Newhouse, M.D. and Julie Dumas, Ph.D. **Talk** given at the 11th Annual International College of Geriatric Psychopharmacology Meeting, Irvine, CA.
48. **Jacobs E.G.** (2011, May) From parity in science to improvements in health. **Talk** given at the 9th Annual Meeting of the Robert Wood Johnson Foundation, Bethesda, MD.
49. LeWinn, K., **Jacobs E.G.**, Boyce, T.W., D’Esposito, M (2011, March). *Symposium* – Childhood socioeconomic disadvantage and mental health: Psychological, physiological and neurobiological mechanisms. Society for Research in Child Development Biennial Meeting, Montreal, Canada.
50. John, N., **Jacobs E.G.**, Mendoza-Denton, R., Francis, D.D. (2011, January). Subjective social status predicts immune function in a young adult cohort. Poster presented at the Annual Meeting of the Society of Personality and Social Psychology, San Antonio, Texas.

2010

51. **Jacobs E.G.**, D’Esposito, M (2010, November). Estrogen alters top-down modulation of sensory processing. Poster presented at the 40th Annual Society for Neuroscience Meeting, San Diego, CA.
52. Vytlačil, J., **Jacobs E.G.**, D’Esposito, M (2010, November). Estrogen and COMT polymorphisms interact to affect resting state connectivity with dopaminergic midbrain regions. Poster presented at the 40th Annual Society for Neuroscience Meeting, San Diego, CA.
53. Cohen, J., **Jacobs E.G.**, D’Esposito, M (2010, November). The connectivity of intrinsic, task-independent networks during working memory. Poster presented at the 40th Annual Society for Neuroscience Meeting, San Diego, CA.

2009

54. **Jacobs E.**, D’Esposito, M (2009, October). Estrogen shapes dopamine-dependent cognitive processes in prefrontal cortex. Poster presented at the 39th Annual Society for Neuroscience Meeting, Chicago, IL.
55. **Jacobs E.**, D’Esposito, M (2009, June). *Symposium* – Individual differences in cognition: How a person’s hormonal state and genetic background impacts prefrontal cortical function. **Talk** given at the 15th Annual meeting of the Organization for Human Brain Mapping, San Francisco, CA.
56. **Jacobs E.**, D’Esposito, M (2009, June). Individual differences in cognition: How a person’s hormonal state and genetic background impacts prefrontal cortical function. Poster presented at the 15th Annual meeting of the Organization for Human Brain Mapping, San Francisco, CA.
57. Song, S., Turner, G., **Jacobs, E.**, Nycum, T., D’Esposito, M., Chen, A. (2009, June). Attention reduces variability of goal-relevant perceptual representations within visual association cortex. Poster presented at the 15th Annual meeting of the Organization for Human Brain Mapping, San Francisco, CA.
58. **Jacobs, E.**, Cools, R., D’Esposito, M. (2009, January). Individual differences in cognition: The role of COMT genotype and estrogen in frontal lobe function. Poster presented at the 5th International Imaging Genetics Conference, Irvine, CA.

Pre-2009

59. **Jacobs, E.** (2008, August). Genetic and hormonal influences on prefrontal cortical function. **Talk** given at the 5th Annual Bay Area Memory Meeting, Davis, CA.
60. **Jacobs, E.**, Cools, R., D’Esposito, M. (2008, April). Genetic and hormonal influences on prefrontal cortical function. Poster presented at the 15th Annual Meeting of the Cognitive Neuroscience Society, San Francisco, CA.

61. **Jacobs, E.**, D'Esposito, M. (2008, April). Women's health from a genetic and endocrine perspective. *Talk* given at the Annual Stanford-Berkeley Cognitive Psychology Symposium, Stanford, CA.
62. Wraga, M., Helt, M., Duncan, L.E., & **Jacobs, E.** (2006, November). Altering test instructions to improve women's spatial cognition performance. Poster presented at the 47th Annual Meeting of the Psychonomic Society, Houston, TX.
63. Wraga, M., **Jacobs, E.**, Sullivan, K., & Uykai, E. (2006, April). Neural substrates of two classes of egocentric mental transformations. Poster presented at the 13th Annual Meeting of the Cognitive Neuroscience Society, San Francisco, CA.
64. **Jacobs, E.**, Duncan, L.E., Helt, M., & Wraga, M. (2005, January). Stereotype threat, gender, and mental rotation performance. Poster presented at the Sixth Annual Meeting of the Society for Personality and Social Psychology, New Orleans, LA.
65. Helt, M., **Jacobs, E.**, Sullivan, K., & Wraga, M. (2005, January). fMRI study of women's enhanced spatial cognition performance via positive stereotype. Poster presented at the Sixth Annual Meeting of the Society for Personality and Social Psychology, New Orleans, LA.
66. Cools, R., **Jacobs, E.**, Altamirano, L., Sheridan, M., Kelley, E., D'Esposito, M. (2005, November). Dopamine D2 receptor stimulation potentiates BOLD activity in the striatum during attentional switching in visual working memory. Poster presented at the Society for Neuroscience Conference, Washington D.C.
67. **Jacobs, E.**, Wraga, M., Duncan, L., & Church, J. (2004, April). Neural correlates of enhanced spatial cognition performance in men. Presented on Capital Hill for the Council on Undergraduate Research, Washington DC.
68. Wraga, M., **Jacobs, E.**, Duncan, L., & Church, J. (2004, April). fMRI study of men's enhanced spatial cognition performance during stereotype threat. Poster presented at the 11th Annual Meeting on the Cognitive Neuroscience Society, San Francisco, CA.
69. Wraga, M., Helt, M., Duncan, L., **Jacobs, E.** (2004, January). Limits to improving women's spatial cognition performance within a positive stereotype context. Poster presented at the Society for Personality and Social Psychology Meeting, New Orleans, LA

TEACHING

- **University of California, Santa Barbara** Psychological & Brain Sciences 137: Behavioral Endocrinology, 2018, 2019, 2020
**Featured as "Lecture Experience" course for prospective UCSB students and families.*
- **University of California, Santa Barbara** Psychological & Brain Sciences 160/163: Special Topics in Hormones and Cognition, 2017, 2018, 2019, 2020
**Featured as "Lecture Experience" course for prospective UCSB students and families.*
- **University of California, Santa Barbara** Psychological & Brain Sciences 594: Graduate Seminar, Hormones and Cognition, 2017, 2020
- **University of California, Santa Barbara** Psychological & Brain Sciences 196: Junior Honors Seminar, 2020
- **University of California, San Francisco, School of Medicine** Lecturer, Essential Core Social and Behavioral Science Course (2010) (Themes: *Race and Bias in Medicine; Biopsychosocial Model in Medicine*)
- **University of California, Berkeley** Public Health 39G: *Unnatural Causes...Is Inequality Making Us Sick?* Co-taught with Darlene Francis and Kat Saxton. (2009, 2010)
- **Mentoring – Current Trainees**
Caitlin Taylor, Ph.D. Postdoctoral fellow in the Jacobs Lab (2017- present)

	<p>*2020 Univ. British Columbia Women's Brain Health Young Investigator Award *2020 OSSD Travel Award *Harvey L. Karp Discovery Award Fellow 2019-2020 *UCSB SAGE Junior Fellow 2018-2020 *2018 Florence T. Haseltine Prize by OSSD</p>
<u>Laura Pritschet, B.A.</u>	<p>PhD student in the Jacobs Lab (2017- present) *2021 Graduate Division Dissertation Fellowship *2021 UC President's Lindau Nobel Laureate Meetings Fellow *2020 National Institute of Health ORWH Science Policy Award *2020 Univ. British Columbia Women's Brain Health Virtual Conference Trainee Award</p>
<u>Shuying Yu, B.A.</u>	<p>PhD student in the Jacobs Lab (2018-present) *UCSB Eugene Cota-Robles University Diversity Fellow (2018-2023) *UCSB Crossroads Fellow (2018-2019) *2018 National Science Foundation GRFP Honorable Mention *2019 National Science Foundation GRFP Honorable Mention</p>
<u>Hannah Grotzinger, B.A.</u>	<p>PhD student in the Jacobs Lab (2020-present) Previously research technician at MIT (John Gabrieli Lab)</p>
<u>Elle Murata, B.A.</u>	<p>PhD student in the Jacobs Lab (2020-present) Previously research technician at Harvard Medical School</p>
<u>Undergraduate Honors Students:</u>	<p>Morgan Fitzgerald**^{λψ}, Maggie Hayes*, Aidan Galati**, Elisabeth Rinder *Distinction in the Major +Exceptional Academic Performance Award ^λMorgan Award for Research Promise in Psychological & Brain Sciences ^ψUniversity Award of Distinction (awarded to 25 of >7,000 graduating seniors)</p>
<u>Dissertation Committees:</u>	<p>Alexander Boone (UCSB), Viktoriya Babenko (UCSB), Dipanjana Das (UCSB), Elvisha Dhamala (Weill Cornell School of Medical Sciences), Courtney Louis (Michigan State University), Evan Layher (UCSB), Chelsea Lonergan (UCSB Communication), Mari Purpura (UCSB)</p>
<u>Rotation Students:</u>	<p>Dept. of Cellular, Molecular, Developmental Biology: Nora Wolcott (2020), Kirsten Rollins (2020)</p>

Previous Undergraduate Trainees (sample)

<u>Courtney Kenyon, B.A.</u>	Currently an M.D. student at <i>University of Utah College of Medicine.</i>
<u>Julia Woods, B.A.</u>	Currently an M.D. student at <i>University of Wisconsin School of Medicine.</i>
<u>Mustafa Shakir, B.A.</u>	Currently an M.D. student at <i>UC Davis School of Medicine.</i>
<u>Naomi Warren, B.A.</u>	Currently a neuroscience laboratory technician at <i>Texas A&M.</i>
<u>Blair Weiss, M.A.</u>	Currently a PhD student at <i>Widener University.</i>
<u>Julia Longenecker, M.A.</u>	Currently a PhD student at <i>University of Minnesota.</i>
<u>Elaine LaGuerta, B.A.</u>	Completed her graduate degree at <i>UC Berkeley.</i>
<u>Katie Cheng, B.A.</u>	Became a research technician at <i>Stanford University.</i>
<u>Jared Torre, M.A.</u>	Completed his PhD at <i>UCLA</i> with an <i>NSF Graduate Research Fellowship.</i>
<u>Erin Thompson, M.A.</u>	Completed her graduate degree at <i>University College London.</i>

SERVICE

University & Departmental Service (representative)

- Acting Director, UCSB Brain Imaging Center (Fall 2021)

- Co-Director, SAGE Center for the Study of the Mind Junior Fellows Program (2018-present) (Director, Michael Gazzaniga)
- PI and Co-Lead Faculty, UCSB Graduate Division Crossroads Fellowship: “Sex Hormones, Aging, & Spatial Navigation” (2018-2020)
- Member, UCSB Neuroscience Research Institute Advisory Committee (2017-2020)
- Member, UCSB Center for Longevity and Aging (2017-present)
- Member, Diversity and Community Committee (2019-2020)
- Member, Faculty Search Committee (2019-2020)
- Member, UCSB Executive Committee (2016-2017)
- Selection Committee, UCSB Harvey L. Karp Discovery Award (2020)
- Selection Committee, UCSB Errett Fisher Fellowship (2019)
- Member, Shared Lab Policies Committee (2018-2020)
- Faculty Representative, Coalition for National Science Funding’s science advocacy work in D.C.; meetings with offices of Sens. Kamala Harris, Diane Feinstein, Reps. Nancy Pelosi, Julia Brownley and Salud Carbajal to advocate for sustained federal funding for women’s health research
- Faculty representative and lecturer at frequent donor events hosted by the Dean of Mathematical, Life, and Physical Sciences (2016-present)

Membership

2005 – present	Society for Neuroscience
2009 – present	Organization for Human Brain Mapping
2012 – present	Organization for the Study of Sex Differences

Public Service *(sample)*

- Regularly partner with **Girls, Inc. of Greater Santa Barbara** to host after-school K-12 lab demos; public lecture for the community on gender diversity in science in collaboration with the UCSB Dept. of Education; faculty science mentor for the Curiosity Project Youth Summit
- Regularly partner with K-12 groups (Goleta Union School District, Knox School, Laguna Blanca) to advance girls’ representation in STEM, work featured in the book “**STEMinists: The Lifework of 12 Women Scientists and Engineers**”
- Guest Lecturer at the **National Youth Science Camp**, West Virginia. Host: Andrew Blackwood, Executive Director of the National Youth Science Foundation
- Science outreach for **Voice-in-Sports**, a company dedicated to accelerating the voice of female athletes. Efforts include engaging female athletes on exercise/brain science. Host: Stefanie Strack, CEO
- Host science demos at **MOXI: The Wolf Museum of Exploration and Innovation** for hands-on educational workshops on the brain for adults and children

- Advisor to high school senior for a national competition called **National History Day**. Student created a website dedicated to the 1993 NIH Revitalization Act to draw attention to women’s underrepresentation in STEM.
- Hosted screening of **PICTURE A SCIENTIST**, a newly released documentary that amplifies the voices of women and people of color in academia. In partnership with the UCSB Carsey-Wolf Center, the film was screened for the Santa Barbara community, including a post-film Q&A with the filmmakers.
- Member of the **Goleta Union School District** Social Justice and Equity Task Force chaired by Superintendent Donna Lewis. Term 2020-2023.
